

GC

# FAST RELIEF FOR DRY MOUTH DISCOMFORT

GC Dry Mouth Gel

Extra Comfort For Dry Mouth Sufferers

- Provides a protective and soothing coating
- Neutral pH
- Available in five delicious flavors: mint, lemon, fruit salad, raspberry and orange
- Easy application

## Providing Comfort

GC Dry Mouth Gel provides comfort to individuals who may be experiencing difficulty eating or speaking related to dry mouth.

Dry mouth, also known as Xerostomia, can be a symptom or side-effect of medications, radiation treatment or other conditions that damage the salivary glands.

Other Possible Causes of Dry Mouth Include:

- Insufficient water intake
- Dehydration from physical activity
- Mouth breathing or smoking
- Dehydration from high intake of caffeine or alcohol (e.g., coffee, energy drinks and soft drinks)

## GC Dry Mouth Gel Can be Applied Easily

Express a generous amount of GC Dry Mouth Gel from the tube onto a clean finger or tongue. Apply the gel over the buccal and lingual surfaces of teeth and oral mucosal tissues. GC Dry Mouth Gel should be applied anytime during the day as needed or at night before bed after normal tooth brushing.

### The MI Paste® Family

MI Paste Plus® and MI Paste® ONE are the essential solutions to release calcium, phosphate, and fluoride, all of which can help protect a patient's oral health while experiencing symptoms of a dry mouth. Combine the use of GC Dry Mouth Gel with an MI Paste® product to give your patients exceptional preventive protection.

**For at-home application!**
