Minimally Invasive Restorative Techniques Utilizing EQUIA® Fil & EQUIA® Coat

- Minimally Invasive prep design - shorten prep time and trauma, preserve healthy tooth structure
- Self-adhesive - NO bonding steps required
- Moist field compatible - works in the most difficult environment
- Sustained fluoride protection - long lasting restorations
- High strength - great wear resistance
- Excellent marginal integrity - no recurrent decay
- Highly aesthetic - easy to achieve

Class II

Occlusal Pit Primary Dentition

Buccal Pit Primary Dentition
Facial caries of Maxillary Canine post orthodontic treatment. Spoon excavate infected dentin.

After injected EQUIA FI, finish with carbide bur under water spray. Finished restoration. Benefits: self-adhesive, higher translucency, high fluoride release, self-curing, reduce risk of secondary caries, finishing and polishing in 2 minutes, 30 seconds.

Benefits: self-adhesive, higher translucency, high fluoride release, self-curing, reduce risk of secondary caries, finishing and polishing in 2 minutes, 30 seconds.

Class V and Root Surface Caries

Defective amalgam. Minimally Invasive treatment indicated.

Minimally Invasive preparation design preserving tooth structure.

EQUIA FI is injected directly into the preparation. No bonding is required.

After EQUIA FI is bulk filled and set. Contour with finishing bur, apply EQUIA Coat.

Amalgam Replacement

EQUIA Intro Kits
- 439402 Assorted Shades (includes EQUIA FI (10 each: A2, A3, A3.5, B1, B3) EQUIA Coat and GC CAVITY CONDITIONER)
- 439404 Shade A1 (includes EQUIA FI (50 of A1), EQUIA Coat and GC CAVITY CONDITIONER)
- 439406 Shade A2 (includes EQUIA FI (50 of A2), EQUIA Coat and GC CAVITY CONDITIONER)
- 439407 Shade A3 (includes EQUIA FI (50 of A3), EQUIA Coat and GC CAVITY CONDITIONER)
- 439408 Shade A3.5 (includes EQUIA FI (50 of A3.5), EQUIA Coat and GC CAVITY CONDITIONER)
- 439409 Shade B1 (includes EQUIA FI (50 of B1), EQUIA Coat and GC CAVITY CONDITIONER)
- 439410 Shade B2 (includes EQUIA FI (50 of B2), EQUIA Coat and GC CAVITY CONDITIONER)
- 439411 Shade B3 (includes EQUIA FI (50 of B3), EQUIA Coat and GC CAVITY CONDITIONER)
- 439413 Shade B4 (includes EQUIA FI (50 of B4), EQUIA Coat and GC CAVITY CONDITIONER)

EQUIA Starter Kits
- 439425 Assorted Shades (includes EQUIA FI (10 each: A2, A3, A3.5, B1, B3) EQUIA Coat, GC CAVITY CONDITIONER and GC Fuji CAPSULE APPLIER)
- 439430 Shade A2 (includes EQUIA FI (50) EQUIA Coat, GC CAVITY CONDITIONER and GC Fuji CAPSULE APPLIER)

EQUIA Refills
- 004259 EQUIA FI Assorted Refill (10 each: A2, A3, A3.5, B1, B3)
- 004260 EQUIA FI Single Shade Refill A1 (50)
- 004261 EQUIA FI Single Shade Refill A2 (50)
- 004262 EQUIA FI Single Shade Refill A3 (50)
- 004263 EQUIA FI Single Shade Refill A3.5 (50)
- 004264 EQUIA FI Single Shade Refill B1 (50)
- 004265 EQUIA FI Single Shade Refill B2 (50)
- 004266 EQUIA FI Single Shade Refill B3 (50)
- 004267 EQUIA FI Single Shade Refill B4 (50)
- 004268 EQUIA Coat 4mL Refill

GC CAVITY CONDITIONER
- 000110 GC CAVITY CONDITIONER 5.7mL Bottle (20% polyacrylic acid and 3% aluminum chloride hexahydrate)

Accessory
- 004255 GC Fuji CAPSULE APPLIER
