THE COMPLETE SOLUTION FOR CEMENTATION

G-CEM LinkForce®
G-CEM LinkAce®
& GC FujiCEM® 2
There are many options to consider when planning and delivering indirect restorations. The selection of the optimal cementation system is the guarantee for a beautiful smile and long-term patient satisfaction. GC America offers both glass ionomer and composite resin based cement solutions to meet any of your cementation challenges.

**G-CEM LinkForce®**
Dual-Cure Adhesive Resin Cement
- A strong, esthetic, universal solution for any adhesive cementations
- The ideal cement to use with our NEW GC Initial® LiSi Press Lithium Disilicate Ingot and our CERASMART® Force Absorbing Hybrid CAD/CAM Blocks
- Four shades available in both cement and try-in paste
- Excellent color stability and easy clean-up

**G-CEM LinkAce®**
Self-Adhesive Resin Cement
- Innovative initiator system (chemical) offers the optimal self-cure mode
- High bond durability to pretreated Zirconia in ONE step thanks to proprietary phosphate monomers
- Amazing color stability thanks to low water sorption and being HEMA-free
- Small homogeneously distributed particles provide excellent wear resistance
- Easy excess cement removal - only 1-2 second tack cure

**GC FujiCEM® 2**
Resin-Modified Glass Ionomer Luting Cement
- Used for 17 million restorations*  
- Excellent handling, consistency and clean-up
- Indicated for myriad of indirect restorations made up of zirconia, metals, PFM and resin
- High fluoride release
- Moisture tolerant
- Virtually no post-operative sensitivity
*Based on units sold
ENGINEERED TO ADDRESS YOUR CEMENTATION CHALLENGES

A Complete Cementation System
In a constantly changing world of new and innovative dental materials, it is important now more than ever to choose a cementation system you can trust to securely bond any of them. GC’s family of cements gives you the flexibility to provide your patients with a comfortable, confident, and trouble-free smile. For a demonstration or to order, contact your local GC sales representative, call our Customer Care Center at 1-800-323-7063, or visit www.gcamerica.com.

ORDERING INFORMATION

G-CEM LinkForce®

009541 G-CEM LinkForce® System Kit
Contains: 3 G-CEM LinkForce® cement syringes (1 each of: A2, Translucent and Opaque; 8.7 g/5 mL each), 45 GC Automix Tips, 5 GC Automix Endo Tip mixing tips with intraoral tip, 1 bottle G-Premio BOND™ (5 mL), 1 bottle G-Multi PRIMER™ (5 mL), 1 bottle G-Premio BOND™ Dual Cure Activator (3 mL), 1 syringe GC ETCHANT (3.6 mL; available in System Kit only), 25 Metal dispensing tips + 2 covers (for GC ETCHANT & Try-in Paste), 3 syringes G-CEM LinkForce® Try-in Paste (A2, Translucent and Opaque; 1.5 g each), 50 disposable applicators and 20 disposable dispensing dishes.

009275 G-Premio BOND™ Kit
Contains: 1 bottle (5 mL), 50 disposable applicators and 20 disposable dispensing dishes.

009276 G-Premio BOND™ Unit Dose
Contains: 50 unit doses (0.1 mL) and 50 disposable applicators (fine).

009277 G-Premio BOND™ Bottle
Contains: 1 bottle (5 mL).

009953 G-Multi PRIMER™ Bottle
Contains: 1 bottle (5 mL).

009552 G-Premio BOND™ Dual Cure Activator (DCA)
Contains: 1 bottle (3 mL).

002902 GC Automix Tips
Contains: 20 tips.

002903 GC Automix Tips for Endo
Contains: 10 tips and 10 extension tips.

001926 Flo/LoFlo Metal Dispensing Tips
Contains: 20 Metal Dispensing Tips for G-CEM LinkForce® Try-In Paste or GC Etchant.

G-CEM LinkForce® Starter Kit
Contains: 1 G-CEM LinkForce® cement syringe (8.7 g/5 mL), 1 bottle G-Premio BOND™ (5 mL), 1 bottle G-Multi PRIMER™ (5 mL), 20 GC Automix Tips, 50 disposable applicators and 20 disposable dispensing dishes.

0010118 A2 0010119 Translucent

G-CEM LinkForce® Cement Refills
Contains: 1 syringe (8.7 g/5 mL) and 20 GC Automix Tips.

010120 A2 010122 Opaque 010123 Bleach

010121 Translucent

G-CEM LinkForce® Try-In Paste Refills
Contains: 1 syringe (1.5 g/1.2 mL), 3 dispensing tips (metal type) and 1 tip cover.

009548 A2 009550 Opaque 009551 Bleach

009549 Translucent

009553 G-Multi PRIMER™ Bottle
Contains: 1 bottle (5 mL).

009556 G-Multi PRIMER™ Bottle
Contains: 1 bottle (5 mL).

009557 G-Multi PRIMER™ Bottle
Contains: 1 bottle (5 mL).

G-CEM LinkAce® Syringe Packages
Contains: Two 4.6 g (2.7 mL) syringes; 15 regular GC Automix Tips and 5 GC Automix Tips for Endo.

004857 A2 004859 AO3 004860 BO1

004858 Translucent

002902 GC Automix Tips
Contains: 20 tips.

002903 GC Automix Tips for Endo
Contains: 10 tips and 10 extension tips.
