FOR IMMEDIATE RELEASE

GC America Introduces:

G-Premio BOND™ 5mL Bottle

Featuring New Flip-Top Cap!

Alsip, IL – December 2018 – GC America Inc. is pleased to announce a packaging improvement for the **G-Premio BOND™ 5mL bottle refill and kit, available January 1, 2019.**

The same G-Premio BOND product you’ve trusted for fast and consistent universal bonding is now available with an easy-to-use, spring loaded flip-top cap. The cap is hinged to the bottle for easy closure and opens with a slight pinch to the buttons on the bottle’s neck.

G-Premio BOND is a one component, light-cured 8th generation bonding agent that is flexible for use in total, selective, and self-etch bonding techniques. It offers fast application (10 seconds), and good stability with extended working time, up to 5 minutes.

Many of the features you’ve come to appreciate are still present in the newly improved G-Premio BOND packaging, including:

- Precise drop-by-drop dispensing to eliminate waste
- Bottle insulation to prevent heat from fingers impacting bonding performance

The following is a cross reference with the old and new SKU numbers:

Product Description and Contents	OLD GC SKU #	NEW GC SKU #
G-Premio BOND™ 5mL Kit (contains 1 bottle-5mL, 50 disposable applicators, and 20 disposable trays)	009275	012691
G-Premio BOND™ 5mL Refill (contains 1-5mL bottle)	009277	012696
